

State of Hawaii Input to FY98 \$50K Tsunami Mitigation Funds

I. Raise Public Awareness of Tsunami Hazards and Mitigation

A. Production costs of a high quality Hawaii tsunami public safety video.

B. Reproduction of depleted tsunami public safety publications.

C. Support existing public outreach programs of organizations such as the University of Hawaii, Hilo Tsunami Museum, PTWC, Hawaiian Volcano Observatory (HVO), State/County Civil Defense, etc. Development of programs including school curriculum development, school essay contests, dramatic arts productions, Tsunami Awareness Month, web sites, etc.

II. Logistically support meetings and projects of a Hawaii Tsunami Group which provides statewide guidance on tsunami mitigation issues. Composed of State/County Civil Defense, NOAA/PTWC, Tsunami Scientists, etc.

III. Out of State and In State Travel Funds

IV. Miscellaneous

A. Supplement cost of equipment which will permit airing video broadcast from local Emergency Operations Center to local CATV.

B. Supplement cost of building a revetment wall to mitigate against the effects of a tsunami.
